January 2019

Nursing Home Activities

On Thursday, January 10th and Monday, January 21st, our FBLA chapter members volunteered at the local nursing home as a part of their community service project. Our members really enjoy the time that we are able to spend with the residents at the nursing home. This month we engaged in a few fun activities including bowling and giant Jenga. These games are a great way for the residents to have fun, but they are just as fun for us.

Work Night

On Friday, January 25th, our chapter held a work night for all our members. Members were encouraged to stay after school to work with our adviser, Mrs. Kari Boettcher and previous adviser, Melanie Black. All members logged their community service hours in hopes of reaching a community service level. Middle level members were focused on finishing their LEAD program activities. Many members will be attending State Leadership Conference in April and they are working on completing their prejudged events. A lot of deadlines are in February and members are finishing up on the final touches of their projects.

Community Service Awards

Students and the organization in our school do a lot to help within the community. One large aspect of FBLA is the Community Service Awards. Members log their hours of community service and a brief description of

the project. There are three levels that can be completed. The first level is 50 hours, the second level is 200 hours and the third level is 500+ hours. This month we had five members reach a new level. Leah Jockens and Jayla Froman completed the first level. Amelia Hoffman and Jayla Froman achieved the second level.

We had two members complete the third and final level of the Community Service Awards. These were senior members, Jacey Hilkemann and Emma Stahlecker. This milestone qualifies the two of them for National Leadership Conference in San Antonio, Texas this summer.
