### Social Hour

We will have a social hour at the Community Hall from 4:30 p.m. to 6:00 p.m. EVERYONE is welcome to come visit with old friends over a cup of coffee or iced tea.

After the devastating March flood a group of energetic, proactive volunteers joined forces to form the Lynch Area Future Fund. We are a new affiliate member of the Nebraska Community Foundation and have non-profit status. We have started a campaign to raise money to move and rebuild Lynch's city park along with other projects around the town of Lynch. Our goals include building a new splash pad, modern playground, large picnic shelter, and putt putt golf course. We want to do a mainstreet beautification project along with landscaping certain areas.

After leaving LHS in '61' I entered college at Done in Crete, Nebr. on an athletic/academic scholarship and graduated with a bachelors degree in three years and a summer. I attended graduate school at Duke U. in Durham,

N.C. earning a master's degree in forestry. Upon graduation in 1966, I enlisted in the Marine Corps. After Officer's Candidate School in Quantico, Va. and flight training at Pensacola Air Station in FL. I learned to fly Huey helicopters, including the Cobra, and deployed to Vietnam in 1968 doing forward air control work in a place called Hue Phu Bai. After 100 missions and being shot down three times in late '68' I spent several months recuperating in Great Lakes Naval Hospital in Illinois. In 1969, I opted out of helicopters to a jet-powered twin-engine fixed-wing turbo prop OV-10 Bronco. In late 1969, I redeployed to DaNang, Vietnam and flew over 500 ground support missions from a far safer platform and completed a full tour in late 1970. After a stint as a flight instructor at New River, North Carolina. I mustered out of the Marine Corps in 1971.

After discharge I moved to Minneapolis and joined the staff at the University of Minnesota Forestry School as an assistant extension agent. I also took classes and received a Masters of Science degree in 1973. I did management consulting work with a number of Minnesota firms until joining a subsidiary of General Mills as their director of engineering. During this period I met Anita, a human resources executive with

**Dave King**

Hello classmates.

Unfortunately I won't be able to attend the banquet this year. It would have been fun to be there for our 50th last year but COVID-19 took care of that.

After graduating, I attended the university of Nebraska in Lincoln and earned a degree in Wildlife Management. From there I worked for the Nebraska Game and Parks for a couple of years and then got married and moved to Washington State because my wife was stationed at Ft. Lewis in Tacoma as an army nurse. She spent 3 years in the service and then we moved to Olympia where she worked as a pediatric nurse for 30 years.

I have been retired from the Washington Fish and Wildlife department for 9 years now.

Every year I get together with Bud

Stewart and hunt antelope in Wyoming and then we go to Alaska to fish for salmon.

My wife and I have done extensive traveling to Europe, Australia, New Zealand, Iceland, and many places in the U.S. Our favorite trips are to our National Parks. Thank God they survived the last 4 years. We even atteded the loast bowl game Nebraska went to in Tennessee. They aren't doing so well anymore. I still watch when I can.

I hope everyone is staying healthy. It is sad to hear that some of our classmates have passed away. Take care and have fun at the gathering.

**Karen (Spencer) Lee**

After graduation in 1970, I went to Airline Training School in Dever, CO. After graduating with a diploma in ticketing/tariffs I headed to San Francisco to work. This is where I met Mike Giles Sr. and we were married in August 1971. He was career military and we moved several times and had three children; Michael, Spencer, and Amanda. We divorced in 1981 and I worked and lived in Lacrosse, WI., for several years.

In 1988 I moved back to Lynch to co-own the Double K Bar on the west side of the street.

And then I married Albert Lee in 1995 but continued to work at Nielsen LP, JW's, Long Brand, and have now been working at Lynch Housing Authority since 2003.

We love to travel to visit the families and the eight grandkids, and catch as many activities of theirs that we can.
